WebstaurantStore to Open Distribution Center in Savannah, GA

Lancaster, PA – WebstaurantStore, a division of Lancaster, Pa. based Clark Associates is set to open a new 1,157,333-square-foot distribution center in Effingham County, GA later this year.

Located at 54 Logistic Drive, near the Port of Savannah this facility will bring approximately 200 jobs to the surrounding area. Individuals interested in careers in material handling, management, and administration are encouraged to visit webstaurantstore.com/careers.

This convenient location adds major advantages for WebstaurantStore since the Port of Savannah is the largest single-container terminal in North America. It is also considered the fastest-growing and third-largest port in the nation.

The new facility will help the company continue to expand and restructure its stocking strategies in the Midwest and Southeast regions. This will be WebstaurantStore's 19th Distribution Center.

By utilizing a three-story pick module with bundling tunnel technology and smarter sortation capabilities, it will also expedite workflow for improved efficiency, ensuring that customers' orders ship out on time.

The company continues to have the nation's largest inventory of food service equipment and supplies, with over \$400 million of ready-to-ship inventory spread across our several million square feet of nation-wide distribution centers.
